Kenya Coach Industries Ltd (KCI) is a General Motors (EA) Limited appointed dealer for all Isuzu vehicles and body-building with the ability to supply Chassis and Body under one roof. KCI supplies Isuzu vehicles and builds all types of bodies which are scientifically designed in an in-house Computer Aided Design (CAD) facility. KCI bodies are very attractive, comparable to imported-quality buses, with an added advantage of strength and flexibility which is essential for local road conditions that translates into savings on fuel, tyres and savings.

KCI Bodies come with a 1 year or 100,00km warranty (whichever comes first). As an appointed Isuzu Dealer, KCI offers full after-sales backup - Genuine Parts, Mechanical Service and Body Building. More than 1000 vehicles supplied to corporate and educational institutions in Nairobi and upcountry every year.

References from satisfied customers is proof of KCI's proven track record. These same customers trust KCI to continue servicing their vehicles. KCI is a customer-conscious company with the entire management and staff looking forward to the beginning of a long and mutually beneficial relationship.

Additionally, we also run a fully-equipped service workshop, an after-sales department and KEBS-certified body building facility. We continue to improve and build on our strengths in getting KCI synonymous with excellence, efficiency, integrity, reliability and safety.

As a visionary brand, KCI seeks to become Kenya's leading motor vehicle dealer that offers a one-stop automotive solution in the East African region. Our customer-focussed approach and affordable solutions with superior value and quality. Above all, we believe in growing together - the brand, its employees, shareholders and customers - which is what empowers us in exploring potential beyond possibilities.

Our workshop is structured into mechanical, electrical and body+paint works sections that are manned by trained and well-experienced personnel, conforming to the high standards of General Motor's training codes of safety and professionalism. Our dedicated team is well versed in the current technologies in operations and maintenance which is deeply rooted in analysis and research for lasting and effective results.

KCI remains committed to quality with an uncompromised policy towards the usage of genuine parts and accessories that we keep well-stocked. Our team of technicians comprising of mechanics and auto-electricians serve to a 24-hr standby for immediate emergencies and rescues. We store computersied data for all the vehicles that are serviced in our workshop that is beneficial to our customers seeking specific service summaries for any vehicle for effective evaluation reviews of maintenance trends. We study stored customer feedback in detail for eventual follow-ups to address issues to mutual satisfaction.
